 4: Bonus is applied to remaining Maturity Benefit after deducting paid Accelerated Health Benefits.

Illustration Example

U Thein Myint, a business owner and a breadwinner for his family, wants to save a portion of his income for future health needs while also getting a life insurance coverage. So, he chooses Manulife Care Plus with a Face Amount of 10 million MMK. He chooses 10 years Policy Term with 2 years of Payment Period. Throughout Policy Term, he does health checkup for two times, and he is healthy enough that he doesn't utilize Accelerated Health Benefits. So, at maturity, he receives a total of 13 million MMK (including 2.5 million MMK of medical checkup bonus and 5 million no claim bonus).

About Us

For over 130 years, we've been protecting families around the world with the right insurance and financial advice that can help you achieve a better future. Just like the new generation of Myanmar breadwinners, putting family first is our top priority and they are worth protecting. As you are trying your best to take care of your family during these hard times, we are here to provide financial protection when you need it the most.
